Source: Canalis, Worldwide IT Security Market 2013

More small businesses worldwide trust Trend Micro Worry-Free Business Security than any other security vendor to protect their livelihoods because it is the only solution that provides complete user protection.

Advantages

- Lets you concentrate on your business, not your IT security
- Installs easily and requires no IT expertise to maintain - ideal for small businesses
- Stops threats in the cloud - before they can reach your network and devices
- Blocks access to inappropriate websites
- Prevents business data from being shared via email messages* or USB drives
- Safeguards against phishing as well as social engineering attacks
- Includes easy mobile device security management
- Stops spam before it can reach mail servers with included Hosted Email Security
