

Westcon Academy

Get ahead of the rest

- Unparalleled range of technical programmes
- Certified and non-certified
- Expand your capabilities and keep ahead of the competition

OUR TRAINING COURSES:

- **Certified instructors** with strong field experience, providing best practice advice on how to successfully implement or manage a specific solution
- **Dedicated labs** available to every student with access to a fully equipped training environment and an official set of courseware
- Courses can be **delivered in a classroom or on site** and can be customised to your specific needs
- **Certification ready**
- Conducted in **local language**

- Security Independent Training
- AudioCodes
- Avaya
- Check Point

Guaranteed Pass

We do our utmost to ensure our students pass their certification exam first time. However, should you fail, we will offer you an additional training course at Westcon Academy free of charge.*

*Free course participation for a previously booked and attended training in the case of not passing the equivalent certification exam for the training you attended at Westcon Academy. The free participation cannot be guaranteed for all scheduled courses. Please contact your Westcon Academy to check availability. Certification exam must be completed within 1 month after the training course. A guaranteed pass course will run for a maximum of *6 months*. If you have not passed after this time you will be charged for additional courses. Selected courses only delivered by Westcon Academy.

“Guaranteed to Run” courses

We appreciate the time and effort it takes to schedule training. With our “Guaranteed to Run” courses, planning your teams training is now easier! You can enrol with confidence, assured that your course will not be re-scheduled or cancelled*.

* Applicable courses only. Westcon Academy will only cancel Guaranteed to Run courses due to unforeseen external factors beyond our control.

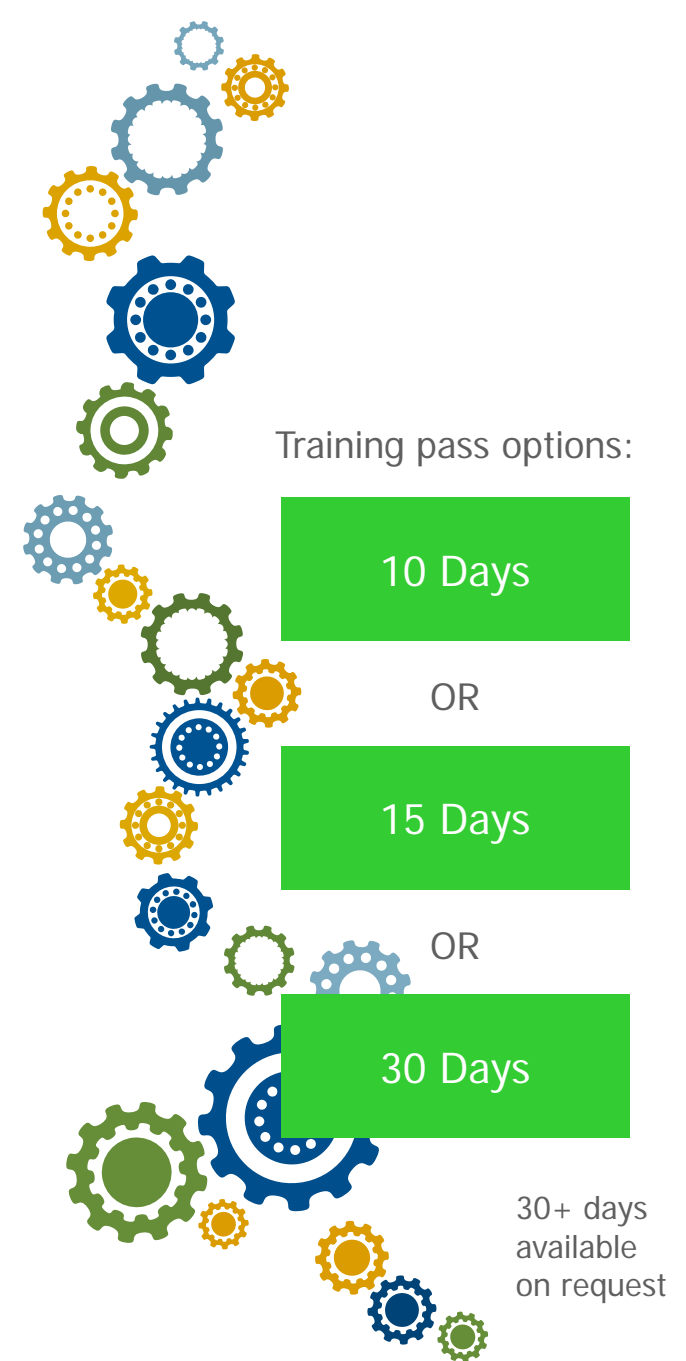

“Training Pass”

Flexible and cost-effective approach to training

A training pass from Westcon-Comstor lets you purchase a pre-set amount of training days for your whole company at the best possible price!

- Safeguard your training budget and reduce expenses
- Minimise the number of purchase transactions
- Enjoy the flexibility of redeeming your training credits over a 12-month period
- Share your training credits amongst your teams
- Leverage the expertise of our field-experienced trainers
- Gain competitive advantage by becoming an expert on cutting-edge technologies

Only applicable for public schedule at a Westcon location. Valid for all courses, excluding Cisco.

Our students love our courses...

Students typically praise us for:

- Our **highly-knowledgeable instructors** and their field expertise
- **Hands-on, practical** exercises
- The **high-quality** course content, which is well balanced between theory and practice

"Knowledgeable instructor, able to **put things into context** including product knowledge outside of the course specifics."
Alastair McCallum, Senior Solutions Architect at Camworth

"The instructor explained all the topics in detail and showed **real-world scenarios**, which will help during implementation in a production environment."
Murtuza Sathaliya, IT infrastructure at Nakheel

"Very knowledgeable and pedagogue instructor. Very clear and detailed explanations, sometimes **even better than in the user manual.**"
Fanny Sanchez, Sales Engineer at ITS Group

97%

of Westcon Academy students have rated our **instructors** as outstanding or good.

84%

of Westcon Academy students have rated the **course documentation** as outstanding or good.

82%

of Westcon Academy students have rated our **facilities** as outstanding or good.

86%

of Westcon Academy students have rated the **registration process** as outstanding or good.

Academy is part of our Services offering

Westcon-Comstor Services help to develop opportunities that deliver greater strategic insight, richer margin and longer term customer engagements through our decades of experience and unique in-house skillsets of engineers, support desks, certifications and global delivery models.

SUPPORT SERVICES

Our Support Services are designed in modules to guarantee our service can be tailored to fit your client's needs. Our investment in global technical support provides you with the ability to deliver proactive support solutions – building your insight into customer strategy and developing longer term engagements.

PROFESSIONAL SERVICES

Designed to complement your skills, capabilities and capacity, our services provide you with access to specialist skills that can extend your geographic reach and go-to-market capabilities without the need for capital investment in resource or upskilling, meaning you only pay for the services you need, when you need them.

SUPPLY CHAIN SERVICES

With Westcon Services as your trusted partner, you can off-load system setup, testing and basic configurations for installations; instantly freeing up your staff to concentrate on more profitable work.
